

## Entry Level Developer

Explore Consulting seeks entry-level developers ideally trained in .Net, C#, and Microsoft SQL and JavaScript. This is a great opportunity to utilize past experience and build your development skills while working with the hottest business system technologies in the market.

We are looking for developers to join our in-house downtown Bellevue consulting team to participate in custom development, eCommerce, web-based business systems, mobile applications, and other initiatives. This is a full-time position with benefits and little to no travel.

### Requirements

- Bachelor's degree in computer science or equivalent
- Must be a self-starter, and have good understanding of application development and the SDLC
- Excellent analytical and problem solving skills
- Excellent written and verbal communication skills with an aptitude for learning new technologies
- Development training/experience targeting the .Net platform: C#, ASP.NET, ADO.NET
- Training/experience in database design & development (MS SQL)
- XML / Web Services experience
- JavaScript experience
- Design (UI) skills a plus
- Experience with ERP, CRM, or SFA tools is a plus.

Explore team members are outstanding **problem-solvers** with excellent **communication** skills. They're effective workers in groups and individually. Do you have what it takes?

### To Apply

Please submit your resume to Explore Consulting's HR Department at [devjobs@exploreconsulting.com](mailto:devjobs@exploreconsulting.com) referencing the above role in the subject line.

## About Explore Consulting

Based in Bellevue, Washington, Explore Consulting was founded in 2001 and is a professional services company dedicated to providing innovative and cost-effective solutions for their customers' database and IT system's needs. With a focus on cloud web-based business systems like NetSuite and Amazon Webstore, Explore has developed industry-leading cloud and mobile platforms for clients like Liberty Mutual,

Jawbone, LifeScan, The Onion, Seattle Seahawks, American Greetings and the NFL Scouting Combine. As an Amazon Webstore Solution Provider, our team can help you harness the powerful, reliable, and secure Amazon platform by providing services including custom design and implementation, search engine optimization (SEO), eCommerce strategy, training,

responsive design, integration and much more. For more information, visit [www.exploreconsulting.com](http://www.exploreconsulting.com).
