

Ecommerce Project Manager

Grow your development career in a tech-agnostic setting with a group of industry-leading experts on cloud-based systems. We have assisted more than 900 companies over the last 14 years with a variety of development needs from custom application creation and systems integration to designing and deploying Ecommerce webstores and mobile solutions. At Explore, you'll be working with the best team on the latest technologies.

We are seeking an experienced Ecommerce Project Manager looking for an opportunity to showcase their talent in an environment that encourages creativity and innovation. At Explore Consulting we value the ability demonstrate leadership and flexibility, along with the aptitude to build rapport with clients, team members, managers, and senior executives. Working across multiple disciplines and industries, Project Managers must show the ability to deftly apply skills and methodology to manage others, proactively mitigate risks, resolve issues, and escalate projects when appropriate.

Responsibilities

- Lead client ecommerce projects from kickoff calls through design, implementation, testing and launching of new Ecommerce websites
- Work directly with clients to understand their requirements and guide efforts throughout their projects
- Quickly build client domain expertise and credibility while working with multiple levels of stakeholders and across multiple industries
- Work with project teams to on-time delivery of projects and client objectives
- Participate in the ongoing development of Ecommerce processes and best practices

Requirements

- 5+ years of experience leading projects in a consulting environment; Experience with multiple Ecommerce businesses with a strong grasp of ecommerce best practices
- Strong leadership skills, including a history of increasing leadership responsibility and career growth in process improvement
- Formal training in process, organization, change and/or learning improvement methodology along with the proven ability to teach such methodologies
- Outstanding verbal and written communication skills with audiences of all levels
- Proven ability to proactively manage risk and influence others
- Adaptable self-starter who is skilled at creating structure in ambiguous environments
- Strong logical and analytical problem-solving skills

Why Join Explore?

1) You want to make an impact

Our consultants work hand in hand with clients to help them realize substantial improvements in their business. You aren't a cog; you are the machine!

2) You want to be continually challenged

We emphasize continual improvement within our organization and with our clients. Our consultants adapt to new client needs and find better ways to help our clients succeed.

3) You want to work with an exceptional team

Our team delivers; Explore Consulting is the most experienced and decorated NetSuite provider in the Northwest and 2 time Partner of the Year, Americas. Through team collaboration we're able to deliver the full value of our team's knowledge and experience.

4) You want an exciting career

You like a career that is creative, requires innovation to succeed, and is financially and personally rewarding.

5) You want uncapped earning opportunities

You know you're good and like the idea of earnings opportunities beyond billing hours. Our innovative model provides that opportunity.

Ride the wave! Cloud technologies are the wave of the future and we've had our head in the cloud for over 14 years. Based in Bellevue, Washington, Explore Consulting was founded in 2001 and is a professional services company dedicated to providing innovative and costeffective solutions for their customers' database and IT systems needs. With a focus on cloud web-based business systems like NetSuite and Amazon Webstore, Explore has developed industry-leading cloud and mobile platforms for clients like Liberty Mutual, Jawbone, LifeScan, The Onion, Seattle Seahawks, American Greetings and the NFL Scouting Combine.
